Pentosin® Leads Industry With OE Approvals For Double Clutch Transmission Fluids

- Only approved first fill and service fill for new generation of double clutch gear transmissions -

Cranbury, N.J., November 2011 - CRP Automotive, a leading source of OE-quality replacement parts for Asian and European import vehicle applications, offers a comprehensive line of Pentosin Fully Synthetic double clutch transmission (DCT) fluids for OE applications on BMW, Porsche, and Volkswagen vehicles equipped with the new generation of double clutch gear transmissions. These Pentosin DCT fluids are the only OE approved first fill and service fill for these vehicle makes.

The Pentosin line is formulated on a fully synthetic base oil technology that offers safe operation at even the highest thermal load. It features a special clutch friction performance that is designed solely for double clutch gearbox application and cannot be mixed with any other gear oils. The line includes three DCT fluid formulations: Pentosin FFL-2 - approved for Audi and Volkswagen double clutch gear transmissions (DSG); Pentosin FFL-3 - approved for Porsche double clutch

gear transmissions (PDK); and Pentosin FFL-4 - approved for BMW double clutch gear transmissions (DCT).

Easy Online Lookup

The Pentosin Technical Fluids program features easy look up on CRP's online application catalog, which can be accessed through the CRP Automotive Pentosin brand website, www.pentosin.net, or Show Me the Parts @ www.showmetheparts.com/crp/.

All Pentosin technical fluids are backed by the CRP Automotive standard of excellence. For more information, visit: www.pentosin.net

About CRP Automotive:

CRP Automotive is a part of CRP Industries, a leader in the marketing and supply of automotive parts and industrial products. CRP Automotive provides some of the industry's leading brand names, including ContiTech® Automotive Belts, Rein® Automotive Parts and Accessories, Pentosin® Technical Fluids, and AJUSA Engine Parts. All products are backed by the CRP promise of quality and superior service.

Founded in 1954 as the North American partner of Continental AG, CRP Automotive has established a solid reputation for exceeding its customers' expectations. CRP maintains key distribution centers in New Jersey, California, Canada, and Mexico.
